HEALTH SCIENCES
CLINICAL & TRANSLATIONAL SCIENCE CENTER

2022 CTSC HEALTH HACKATHON

Terms and Conditions

The Clinical & Translational Science Center (CTSC) is proud to present the **2022 CTSC Health Hackathon**, supported by School of Engineering, Office of the Vice President of Research, Colleges of Pharmacy, College of Nursing, ASCEND HUB, Rainforest Innovations, and Anderson School of Management. The Health Hackathon, to be held on March 25-27, 2022 at the HSC Domenici Building on UNM Campus in Albuquerque, NM, is governed by the following Terms and Conditions.

By participating in the 2022 Health Hackathon, you ("Participant(s)") agree to abide by the following Terms and Conditions and directives by the Hackathon Organizers:

1. Eligibility
Students, faculty and community members are invited to participate. Participants need no technical or coding expertise. As a UNM HSC hosted event, Hackathon will adhere to UNM Health and Safety standards and policies. Participants agree to follow these policies and standards for the duration of the event.

2. Use of Proprietary Information
Participants represent and authorize that they have permission to use their proprietary assets during the Hackathon and that it does not infringe on the intellectual property or proprietary rights of any third party, including, without limitation, any third party, patents, copyrights, or trademarks.

3. Prizes and Awards
Up to three (3) projects will be eligible for a $10,000 Pilot Grant Award. ***Winning teams are required to have a UNM Health Sciences (HSC) Faculty member act as the Principal Investigator (PI) on the Grant.*** Teams may identify their own HSC Faculty PI or may be matched with a PI by the Hackathon committee.

Winning teams will be selected by a panel of judges during the Pitch Competition on the final event day. The process for selection by the Panel is at the discretion of the Panel and the Planning Committee. All decisions of the Panel will be final.

Eligible projects will cover a wide range of novel devices, apps, strategies for commercialization of translational technologies, novel approaches to clinical investigations, and development of novel methodologies for translation of science to communities to lead to better health care.

4. Publicity and Privacy
Except where prohibited, by participating in the Hackathon, Participant understands that the Hackathon may be photographed, videotaped, recorded, etc. and hereby grants the Planning Committee the right to use or refrain from using Participant's name and/or likeness any and all footage about Participant's participation in the Hackathon in any manner or media (including but

2022 CTSC HEALTH HACKATHON

not limited to social media outlets) that the Planning Committee sees fit without Participant's review or approval and without compensation.

5. Intellectual Property Rights

Intellectual property (IP) rights brought into the Hackathon are considered background IP and are owned by the participants, or the organization that may have rights. Ownership of IP created during the Hackathon follows inventorship and any obligations that participants may have to their employers. If a participant is awarded a Hackathon Pilot Grant, IP developed under the grant conducted at UNM HSC, will be owned by UNM. Participants will be given licensing preference for IP created under the Pilot Grant.

6. General

The Planning Committee reserves the right, in their sole discretion, to cancel, modify or suspend the Hackathon in whole or in part, in the event of fraud, technical or other difficulties or if the integrity of the Hackathon is compromised, without liability to the Participants. The Planning Committee reserves the right to disqualify any Participant, as determined by the Planning Committee, in their sole discretion.

7. Code of Conduct

The CTSC Health Hackathon is committed to providing a safe and welcoming space, without regard to age, gender, race, ethnicity, nationality, sexual orientation, gender identity, gender expression, mental or physical disability, physical appearance, neuro(a)typicality, religion, socioeconomic status or background, political affiliation, or any other attribute.

The participants of the Hackathon are expected to act with the utmost respect for their teammates. Competitors should not show any unwelcome or hostile behavior towards another person, including, but is not limited to, offensive verbal comments related to personal characteristics or choices, sexual images or comments, deliberate intimidation, bullying, stalking, sustained disruption of discussion or events, nonconsensual publication of private comments, inappropriate physical contact, or unwelcome sexual attention. Conduct such as this will not be tolerated at this event and will serve as grounds for removal from the event.

8. HSC Health And Safety Policies

As a UNM HSC hosted event, all participants, organizers, and guests agree to abide by current HSC Health & Safety policies and standards. Current COVID-19 protocols may include but is not limited to:

- Provide valid ID and Proof of COVID Vaccinations at event Registration.
- Masks must be worn at all times inside of Domenici and other campus facilities.
- Food and dining is only allowed in designated areas

Note: Event organizers will adhere the UNM policies and protocols at the time of the event. If you have questions about the COVID procedures or general health & safety practices during the event, please contact the event organizers at HSC-Hackathon@salud.unm.edu
